Pursuant to Ch. 40C of the General Laws of Massachusetts, application is hereby made for issuance of a Certificate for work within a Local Historic District.	
Description of Proposed work: (See instructions for additional information required)	
This project is a redevlopment of an existing paved parking area located at 13-23 School Street (Town Map H-2A Parcel 49). The Town is proposing to install a new gas/oil hooded catch basin with a subsurface detention chamber that will remove pollutants such as hydrocarbons and suspended solids prior to discharging into the existing drainage system under the railroad tracks. The Town also wants to install some lighting on the site, and landscaping along the perimeter of the new paved parking area. As part of this work, the Town would be regrading the parking area to minimize the steep grade of the access driveway on School Street. As a result of the proposed work, the Town would be decreasing the amount of impervious cover on the site.
